**Important Note:** While EFT & TET Tapping have produced remarkable results, they must still be considered to be in the experimental stage and thus the public must take complete responsibility for their use of it. Further, Jan Luther is not a licensed health professional and offers EFT and TET Tapping as an ordained minister and as a Life Skills Coach. Those who want to discuss the use of EFT and TET Tapping for a specific emotional problem with a professional in the mental health field may contact Jan for the name and phone number of a local licensed professional.

Some people's emotional or physical frailty is such that they should not attempt ANY healing procedure without the presence of a skilled professional. This may be 2% to 3% of the population. If you are in this category, you are still invited to attend but PLEASE DO NOT PARTICIPATE IN THIS WORKSHOP UNLESS YOU BRING YOUR HEALING PROFESSIONAL WITH YOU. Properly applied, these procedures will work across the board. However, for some people, a public environment such as this class/workshop is not the place to explore their issues unattended. So, if you are under a physician's care, on serious medications or consider yourself otherwise vulnerable, please bring a professional with you.
